Leimen, 13th November 2016

Dear Ladies, dear friends,

In one day we will celebrate **ACI-DAY**, in the year of the **20th anniversary**
of **Agora Club International!**

Time to say thank you to our founder members, who had the vision and the passion to create our international organisation, thank you to all past officers who contributed to the well being of our organisation and last but not least to everyone of you, who are the light for so many, who are painting the soul of Agora International by using hand, head and heart every day.

Also we should not forget our members who passed away during the last 20 years, all these victims of natural catastrophes such as the earthquakes in Italy, of so many senseless attacks in Belgium, France and Germany. We are also thinking of all those struggling with health problems or any other challenges. As my ACT club members said in Milan: "You'll never walk alone", we are all Agora, we are by your side.

Let us live Agora to the fullest, let us celebrate life by celebrating ACI-DAY together! Whether you have planned a big party, a service project, dinner with good friends, or you are alone in your home, we are all united and enlivened by the same spirit of Agora Club International.

Let us lighten a candle, the candle of friendship, love and hope on this special day wherever you are! Let us be united by positive thoughts, fun and laughter! Please share your pictures, good and fun news on facebook.

Let us feel **"Stronger United"** than ever on this very special ACI-Day!

In love and friendship

Ursula, Thanh Thao, Isabelle, Brigitte and Yvonne
